Dear Parents and Friends

On Friday 18 March, our Staff will participate in our first school closure day for 2011. School Closure days are important as they provide the opportunity for Staff to spend time involved in professional learning that adds to and supports our culture of being a learning community. It is well recognized that teachers whose professional growth is supported and enriched are able to better provide rich and relevant learning opportunities for their students.

On 18 March, we will be working in the area of Contemporary Learning which supports the Goal "To develop a positive and contemporary learning community" which is on our School Improvement Plan. The term "Contemporary Learning" encompasses what we believe the optimum learning environment should look like for the student of today.

Contemporary learning recognizes that learning must have a clear purpose and a connection to the real world. It should support the learner to become a life long learner, enable the learner to value and respond to diversity, it should be personalized and incorporate the possibility for the learner to take action. These components to learning are critical in developing the capabilities, dispositions and literacy that our students require in-order to live full lives in diverse communities and to be able to deal with issues and change in the twenty first century.

Our Goal is to be:
A Safe, Inclusive, Happy and Respectful Community. For 2011, our theme is 'Light Up Our World.”

Our Value for Term One is “Love.”

With our new learning spaces, we are excited to be able to explore how twenty first century learning approaches can be further utilized to enhance the learning opportunities for our students. At St. Mary's many contemporary learning approaches have been employed, but we recognize and value the opportunity to learn from and share with other professionals. On the 18 March we will commence the day visiting a number of schools in the Eastern Region to see and discuss a variety of approaches. Some aspects we are interested in exploring further are: personalized learning, global communication, interactive learning, collaborative planning and teaching, reflective practices and utilization of flexible learning spaces.

COMMUNITY GRANTS
At the recent Advisory Board Meeting, it was discussed that there are many opportunities for schools to access Grants to support a
range of projects that would assist our students' learning. The Board would be most interested in hearing from any person who has an interest or expertise in making application for such community Grants. Please contact the school office if you would be able to assist in this task.

FUNDING
You may have noted the page one story in The Age on February 28, ‘Catholic schools’ $39m bonanza. The article made a number of erroneous claims about Catholic school funding, based on an interview with government school lobbyist Trevor Cobbold.
Unfortunately the claims ignore the fact that, like Government schools, Catholic schools pool government funding and distribute it to Catholic schools according to need.
The funding attributed to the Catholic schools in the article is re-allocated to support schools with disadvantaged students, students with a disability, indigenous students, refugees and rural and regional schools.
This story appears to be part of an orchestrated campaign by the Australian Education Union and others to influence the Australian Government’s review of school funding and secure more funding for government schools at the expense of Catholic schools.

The Catholic Education Commission of Victoria estimate that total government funding to Catholic schools is less than 80% of the per student cost in government schools, although this percentage varies between schools.
The recent state government bi-partisan commitment to fair funding recognised the right of parents to be supported financially in their education choice. We hope that the Federal Funding review will also recognise this right and ensure Catholic schools receive a fair share of government funding.

THANKYOU
Today a number of mothers cooked pancakes for the students. The pancakes were delicious and were enjoyed by the students. Thankyou Mums for giving your time so generously. We also had many parents who came along and cooked the sausages on the night of our recent Prep – Year Six Buddy Picnic. Again - thankyou for your wonderful effort. We are so fortunate in having so many people willing to help out at such times.

PREP/YEAR SIX BUDDY PICNIC
Last Thursday the Year Prep and Year Six students and their families gathered for the annual ‘Buddy BBQ’ to celebrate the beginning of a new school year. The evening was well attended with over one hundred and sixty children and their families enjoying a delicious BBQ provided by the St Mary’s Parent’s Association and enjoying fun activities within the surrounds of the newly completed MacKillop learning Centre. During the evening the Year Prep students and their Year Six ‘buddies’ shared a meal, met each other’s families and spent some quality time playing games and strengthening their friendships. Thank you to all parents, staff and students who attended and made our evening such an exciting and memorable occasion. We especially acknowledge the contribution of the St Mary’s Parent’s Association whose members again provided magnificent support for this much loved school event.

Attached to today’s Candela is a brief article from last Sunday’s Kairos magazine written by one of our school dads, Matthew MacDonald who is the Executive Officer of the Diocese’s Life, Marriage and Family Office. The Gathering aims to encourage us as husbands, wives and parents who strive to do the best for our spouses and children. It is an event for the whole family with a variety of talks, practical workshops and an age appropriate program to look after the children. In our busy lives, all St. Mary’s families are warmly invited to consider attending one or more days of this life-giving initiative. You can find out more, register and pay via the website. There are also hardcopy registration forms in the Church foyer.

Religious Education Update

General Faith Night
Thank you to all the parents, of students preparing to celebrate a Sacrament this year, who attended one of the General Faith Night sessions last week. This was a great platform to begin our Sacramental program this year. Fr Brendan Reed presented us all with many things to think about. One of the points that resonated was the idea that faith is ‘caught, not taught.’ He really challenged parents to think about how your children will ‘catch’ faith from your modelling and the space your family makes for faith in your lives – lives that we all acknowledge are very busy. Your support and interest in such evenings, and those that will be take place closer to when your child celebrates their next Sacrament, is a tangible example of this model for your children. Note: Please ensure that you have returned the Commitment to a Sacrament or Blessing Note.

Lent
Ash Wednesday marks the beginning of the church’s season of Lent. The season of Lent invites us all into a time of reflection, transformation and conversion. The word ‘Lent’ means ‘springtime.’ It is intended to be a time of preparation for energetic growth. It is a time set aside to renew and prepare ourselves to receive the fullness of the resurrection of Jesus, which we celebrate during Easter. Lent is a time to prepare our minds and hearts for the joyous celebration of new life and energy of Easter so we can use Lent as a time for a kind-of spiritual makeover. In class students will be asked to set Lenten goals that reflect our school theme of ‘Light up the World’. Instead of focusing on what they can ‘give up’ for Lent, they will be asked to reflect on what they can ‘give of’ – that is the giving of their light, their love and their gifts to their classmates, their schoolmates, their family members and through Project Compassion children all around the world. Each grade has a Project Compassion Box that students can donate in throughout Lent.

In your home, you may also like to talk with your child about how all family members could make personal pledges to forgo favorite foods (to fast), to give to charity (almsgiving) and to extend prayer time. Such actions are simple and effective ways to reorientate our hearts from selfishness towards life and love and in doing so helps us to make Jesus real during this season.

FANTASTIC YOUNG LEADERS DAY.

Last Friday, our Year 6 School Leaders attended the Young Leaders Day seminar at the Melbourne Convention Centre. It was a great day with many inspirational speakers including MasterChef judge, Matt Preston and world record endurance cyclist Kate Lemming. They shared their stories and insights on leadership and being the best you can be everyday. A key message was to be a leader at home and school by the example you set through your attitude and behaviour such as
using your manners. The group ‘Justice Crew’ performed which was a highlight.

**BANYULE DIV SWIMMING CARNIVAL**

A super effort by 28 of our Year Three to Six students who participated at the Swimming Carnival held at Northcote yesterday.
