1. Introduction

At St. Mary's we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel ([CECV Commitment Statement to Child Safety](#)).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic school (Congregation for Catholic Education 1997, n. 9).

2. Purpose of the Policy

The purpose of this policy is to demonstrate the strong commitment of St. Mary's to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

This policy applies to school staff, including school employees, volunteers, contractors and clergy.

3. Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and they are safe and feel safe ([CECV Commitment Statement to Child Safety](#)).

The following principles underpin our commitment to child safety at St. Mary's:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers, and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.

- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. Definitions used in this Policy

Child: A child or a young person enrolled as a student at the school.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- (b) the infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child. ([Ministerial Order No. 870](#))

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. ([Ministerial Order No. 870](#))

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Child physical abuse: Generally, consists of any non-accidental infliction of physical violence on a child by any person. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or

other emotional connection with the child or their parent/carer. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Mandatory Reporting: The legal requirement under the *Children, Youth and Families Act 2005 (Vic.)* to protect children from harm relating to physical and sexual abuse. The principal, teachers, medical practitioners and nurses at a school are mandatory reporters under this Act. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Reasonable Belief: When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- (a) a campus of the school
- (b) online school environments (including email and intranet systems)
- (c) other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events) ([Ministerial Order No. 870](#))

School staff means an individual working in a school environment who is:

- (a) directly engaged or employed by a school governing authority
- (b) a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- (c) a minister of religion ([Ministerial Order No. 870](#))

Everyone employed or volunteering at St. Mary's has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all students is at the forefront of all they do and every decision they make. ([CECV Commitment Statement to Child Safety](#))

The school has allocated roles and responsibilities for child safety as follows:

6.3 Organisational Arrangements

Other than that which is mandated by legislation and is contained in our Policies relating to Child Protection, Mandatory Reporting and the expectations of Catholic Education Melbourne, St. Mary's has established the following groups and individuals with responsibilities both specifically and generally related to promotion, monitoring and adhering to Child Safe Standards as set out in Ministerial Order 870:

Student Welfare Support Group (SWSG) – established to meet weekly to address issues raised by staff or parents including aspects relating to academic progress, behavioural concerns, physical health, mental health etc. These meetings promote discussion and further actions leading to data gathering which can assist staff in forming a ‘reasonable belief’ and to reporting of suspected child neglect or abuse to the relevant authorities as outlined in Policy 2.19 and 2.19a. Members of the SWSG include School Counsellor & Psychologist, Student Wellbeing Leader/Deputy Principal, Principal and other teaching staff.

School Psychologist – employed by parents and operates at school to assist with any issues as raised by SWSG, parents, individual staff or students – also attends SWSG to bring a professional psychological knowledge to these meetings

Student Wellbeing Leader and Student Wellbeing Team – Lead processes, activities and curriculum in the school to promote student voice, student safety, participation and Wellbeing for all students

Director of Student Services – Lead the referral of students and liaise with external providers including CEM to promote education of Students With Disabilities (SWD) students and other students who may have additional needs including the monitoring and submission of Nationally Consistent Collection of Data (NCCD) for funding.

Deputy Principal – assist where required in all areas listed above and to support and promote the awareness of the School and Parish community in relation to Child Safe Standards. Provide leadership in Child Safety through being a designated contact person for confidential discussions relating to child safety. These discussions may encompass clarifying any areas relating to the responsibilities and processes involved in making a report if a ‘reasonable belief’ has been formed.

Principal – Lead in all areas listed above and to support and promote the awareness of the School and Parish community in relation to Child Safe Standards. Provide leadership in Child Safety through being a designated contact person for confidential discussions relating to child safety. These discussions may encompass clarifying any areas relating to the responsibilities and processes involved in making a report if a ‘reasonable belief’ has been formed.

School Advisory Board – Consult and ratify policy documents related to Child Safety. Members include parents, Parish Priest, Principal, Deputy Principal and Nominated Staff Members.

7. Expectation of our School Staff – Child Safety Code of Conduct

At St. Mary’s community, we expect school employees, volunteers, contractors and clergy to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and to comply with all requirements. We have developed a [Child Safety Code of Conduct](#) which recognises the critical role that school staff play in protecting the students in our care and establishes clear

expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Some simple principles should guide an adult's behaviour when undertaking child-connected work such as:

- the adult/child relationship should be professional at all times
- an adult's response to a child's behaviour or circumstance should be commensurate with the child's age and vulnerability and the adult's responsibility for the care, safety and welfare of the child
- an adult should not be alone with a child unless there is line of sight to other adults
- an adult should not initiate or seek physical contact or contact with St. Mary's students outside school

Our Code also protects school staff through clarification of acceptable and unacceptable behaviours.

8. Student Safety and Participation

At St. Mary's, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

At St. Mary's, we acknowledge, value and use the guidelines as set out by the VRQA in their [Advice on Child/Student Empowerment](#).

9. Reporting and Responding

Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's [Child Protection – Reporting Policy](#) updated in March, 2019 sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a 'reasonable belief' is formed

- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law

Our school has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student.

When students have a concern they are educated and encouraged to approach a trusted adult to share these concerns, this may be relating to themselves or to another student. Staff, parents, volunteers or other adults are encouraged to approach the school Principal or Deputy Principal to share any concerns related to child safety and wellbeing.

Our complaints and disclosure processes are outlined and detailed in the following policies and procedures:

- [Behaviour Policy](#)
- [Communication Policy](#)
- [Complaints Handling Policy](#)
- [Child Safety Code of Conduct](#)

10. Screening and Recruitment of School Staff

St. Mary's will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant's history of work involving children
- obtain references that address the applicant's suitability for the job and working with children

We have processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

11. Child Safety – Education and Training for School Staff

St. Mary's provides employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their

professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

12. Risk Management

At St. Mary's we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

13. Relevant Legislation

- *Children, Youth and Families Act 2005* (Vic.)
- *Working with Children Act 2005* (Vic.)
- *Education and Training Reform Act 2006* (Vic.)
- *Equal Opportunity Act 2010* (Vic.)
- *Privacy Act 1988* (Cth)
- *Crimes Act 1958* (Vic.) – Three new criminal offences have been introduced under this Act:
 - a) **Failure to disclose offence:** Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.
 - b) **Failure to protect offence:** The offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
 - i) **Grooming offence:** This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.
