

# Wrapper Free Wednesday

The Mission Statement for the Sustainability Community Action Team is 'To work together to have a positive impact by fostering a welcoming and sustainable school environment.'

This term we have been working with the SVC (Student Voice Committee) to set up some actions to reduce the rubbish in our school.

From Term 3 we will be continuing to promote Wrapper Free Wednesday. You can help us by making sure that your child is not bringing wrappers to school which can not be recycled or reused. We would prefer not to send wrappers back home to add to your own rubbish. There are many alternatives to single use plastic that you could use such as containers for snacks and beeswax wraps for sandwiches.

By taking part in 'Wrapper Free Wednesday', our students will have a better understanding of how we can take action to reduce our school's waste and impact on the environment.

You could use the holidays to think about how you could support this.

If you have any ideas to help other families please let us know.

Elouise, Leo, Eva, Darcey, Scarlett and Lucas
