

NMR REGION TRACK & FIELD CHAMPIONSHIPS- HURDLES

Following the postponement of the Boys 9/10 80m Hurdles event on October 12th 2022, due to horrendous wind and rain, Luke S in 5B, had to return to Meadowglen International Athletics Stadium for his rescheduled event. On Wednesday October 19th, the bright Spring sun was shining and so was Luke! He ran extremely well in his timed heat and when a comparison between all the times in both heats was conducted, Luke emerged victorious winning the gold medal, for the 80m Hurdles, at Region Athletics. This now means that Luke will go forward to compete at State Track and Field Primary Boys/Mixed Girls State Championships at Lakeside Stadium in Albert Park. This event takes place on Wednesday November 2nd. Best of luck Luke at State!! All the St. Mary's community is extremely proud of you and we wish you well. A massive word of appreciation and thanks to your parents and family as they travelled to and from Meadowglen to support you in your endeavours.
