# A MESSAGE FROM THE PRINCIPAL

St. Mary's is a dynamic Catholic community of empowered learners engaging justly in the world.

## Parents Association

The Parent's Association still needs a Deputy President to support the ongoing important work of building community and raising funds for our school. These funds directly benefit your children. Please consider supporting the PA committee as it is a wonderful way to make new friends. Thank you to the families who have agreed to take a box of Chocolates to sell to raise funds for the school basketball court.

Dear Families,

## End of Term 2

Another term has come to an end and I wish to thank our students, parents and staff for their dedication and hard work in this first Semester. In Term Two we celebrated and participated in the Year 6 Camp, Cross Country, ANZAC Day prayer service, assemblies, Introduction to the MACS Vision for Instruction, Prep 2025 Information Evening, School Photos, Working Bees, Mother's Day Stall, Women's Mass and luncheon, NAPLAN, First Eucharist Masses, Reconciliation Week, school tours, Interschool sports, Eucharist Faith Night, Italian day, Science Week, Winter Woolies and Parent Teacher Child Conversations, in addition to all the other learning that occurs on a daily basis. I hope everyone enjoys the break and we look forward to another rewarding term.

## Confirmation

Last Tuesday the Year 6 students travelled by train to the MacKillop Heritage Centre in East Melbourne for their Confirmation Reflection Day. The students learnt about the history relating to St Mary MacKillop, they completed activities about the gifts and fruits of the Spirit and toured the Fitzroy Gardens. Their feedback has been extremely positive about the Reflection day. Please pray for these students and their families at this important time in their faith journey.

## Final 2023 Community Fair Update

In March this year all expenses and income for the School Fair was finalised and we are now able to share the results. Thank you to Helen K for her amazing work compiling all of the information. I also thank Rochelle M our Finance Manager for her additional work around the Fair expenditure and profit. The Fair Expenses were \$39,529.82 and the earnings were \$56,670.35. The profit was \$17,140.53 shared equally between the Parish and the School. Thank you to Erin M and all volunteers who helped create a day of community and fun for St Mary's. If anyone is interested in creating a Fair Committee for 2025 please contact me. It takes time and a great deal of planning.

## Review 2024

MACS have advised us that our Review is scheduled for the end of Term 3. Mark Workman who visited last Wednesday is our external reviewer. He outlined the process and the dates for VRQA and the Child Safe Standards as well as the structure of the focus groups including meeting with parents, students and staff on Thursday 19th September. I am delighted that the Review is taking place this year as I believe it is incredibly important to set to work on our priorities for the next four years.

## Reports

The portal through Compass hosting Semester One Reports will be opened to parents and carers on Friday 21st June.

**Parent/Teacher/Child Conversations and Goal Setting**

As you are aware Parent Teacher Child Conversations will take place on June 25th from 3.25pm until 4.25pm and Thursday 27th June from 8.30am until 4:30pm. Due to the EBA and St Mary's being such a large school, we are unable to expect teachers to complete the meetings out of hours. We have also offered a hybrid model to try and accommodate families wherever possible. Please contact me if the times offered are unsuitable for you and other arrangements will be made. It is an expectation and crucial that all students have the opportunity to discuss their learning and their learning goals with parents or carers. Camp Australia will be open on Thursday for any child who requires this service.

**School Closure Day July 15 & 16th**

We are very excited to begin our Review process with all Staff and the MACS Senior Manager Leadership, Learning Consultants and RE Consultants on July 15th and 16th. The staff will be scrutinising evidence to accurately assess our growth as a school throughout the last four years the information gathered will support the areas we prioritise for the next four years.

**Dangerous Behaviours at Grimshaw Street Crossing**

Once again I implore parents to speak to their children about safety at major road crossings such as Grimshaw St. Crossing etiquette is to wait behind the marked line. Wait until the whistle is blown. Walk up to the crossing. Walk across when safely signalled to do so. Some of our students are racing across the road which is extremely dangerous. Please respect the wonderful crossing supervisors who are trying to keep everyone safe!

On another note, please remember that drivers **DO NOT exit their vehicles** at the Admin Kiss and Drop Area.

**School Policies**

One of our initiatives is to provide our families with updated policies. Every Candela I will add updated policies to my Principal News and I ask that you take the time to read these. As some students continue to flout our Student Dress Code I have left this policy in for Parents to read and to support our approach. Please read the [Attendance Policy 2024](#).

Staff and Students at [St Mary's Parish Primary School, Greensborough](#) have recently celebrated the official dedication of their newly refurbished hall.

The community hall now has refurbished toilets, new air conditioning and new audio-visual equipment thanks to fundraising from the school community and a \$100,000 grant from the Allan Labor Government's North East Link Community Fund. These refurbishments make this hall much more comfortable for students and everyone who uses it.

## **Prayers for Staff**

Please keep Ana (RE Leader) in your prayers. Sending her love, courage and strength.

Please also keep Laura (Literacy Leader) in your prayers as well, as we send her our love too. She is still too unwell to return to St Mary's

Prayers are asked for Sandy (Pastoral Associate) as she will be having a back operation this week. We pray for a successful operation and a speedy recovery.

I will be on leave next week. Laurina and Belinda will be in charge in my absence. Wishing everyone a safe and happy holiday away from the Winter chills.

## SCIENCE WEEK

### Science at St Mary's

This Term each year level has focussed on Science/Design technologies during their Inquiry learning, this term. It is wonderful to see how creative and innovative our students are and the multitude of ideas they have. From solving fairytale problems to creating ecosystems and musical instruments, our students are willing to take on the challenge and Soar with the SPIRIT through their learning.

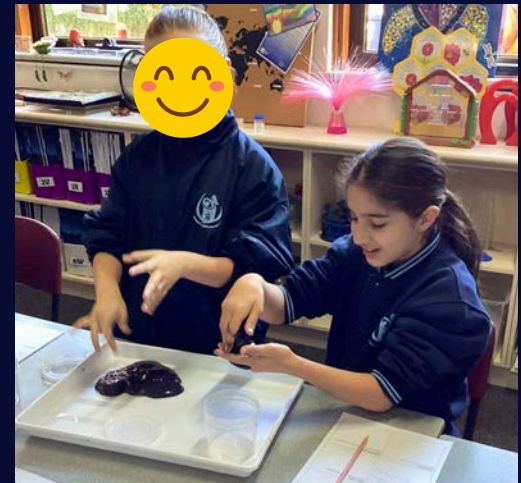

### We're going on a bug hunt:

On Monday, 13 Bugs were placed around the Piazza for students to find. Although a few bugs ran away by the end of the day, our students enjoyed locating and discussing the similarities and differences between bug species.

### Science Week at St Mary's

This week we are celebrating Science Week. Our students have been exploring, investigating and experimenting during our Science lessons. Creating chemical reactions, building atoms, looking for germs, analysing fingerprints and using digital microscopes are only some of the amazing things that we are doing this week in Science and Digital Technology.

# Spintronics

**In one of our St.Mary's Enrichment groups we have been exploring SPINTRONICS. This involves students working cooperatively to build mechanical circuits to solve puzzles.**

## **Thomas S.**

I observed that we needed to work together as a team to figure out how to make the resistors go clockwise and anticlockwise. We did Challenge number 4 and it was hard. Some of the challenges we faced were figuring out how to make the resistors go different ways.

## **Cohen S.**

Today I observed that in order to make the resistors turn anti-clockwise and counter-clockwise we had to put two resistors on the outside of where we were going to put the chain link. Our challenge was to work out where the resistors should be placed. The diagram helped to give us a rough idea of where everything should be placed.

## **Jack R.**

We explored Challenge 4. At first the resistors were going the same way but then they were going different ways. We used the hints on the Challenge board to help us complete this challenge as it was hard to do!

## **James C.**

I saw one chain going around the whole of the resistor and the other one only had one chain on one half. We eventually solved the challenge.

## **Hudson B. W.**

I noticed that one resistor was turning clockwise and the other one was turning counter-clockwise. Some of the challenges we faced at first involved chains falling off the resistors. We solved this by putting the second resistor closer in, so that it stayed in the correct position.

# The Long Walk

On the 6th of June, our St Mary's Year Six students set off to Loyola College. The Long Walk has been a part of St Marys for years and we wanted this year to be the most powerful, making the message loud and clear. The point of The Long Walk is to follow the steps of Michael Long, by fighting for the rights of Aboriginal and Torres Strait Islander people. Whilst at Loyola Eddie Betts, past Carlton and Adelaide AFL player came to speak to us about his struggles and life in the AFL and how racism affected him. A message we got from Eddie Betts was to be strong and don't let other people bring you down and the effects of racism can impact others a lot, as he is still affected to this day. As we were walking others were supporting us by honking and when people disagreed we still stayed strong.

**Eddie Betts Quoted: "Make the the uncomfortable, comfortable"**

**This quote was important to us because it's important to be mindful of others, you need to care about others, everyone should feel welcome, no matter who they are or their background.**

**By Chloe A, Ivy K, Lyra W**

# Girls Soccer

In an epic soccer showdown between two fierce girls' teams, each player showcased their incredible skills and determination! The game kicked off with thrilling passes and strategic plays as both sides battled for dominance. With each passing minute, the momentum swung back and forth, with both teams launching powerful attacks and defending with precision.

The crowd erupted with excitement, cheering on their favorites with gusto! But even after giving it their all, the score remained locked at 0-0. Can you believe it? The game went into overtime, and then even more extra time, but still, no goals! So, they had to settle it with a penalty shootout! Each team chose five players to take their shots, and guess what? They all nailed it! It was nail-biting! Then, they had to keep selecting players until only two of ours remained. When the other team missed a shot, it all came down to our second-to-last player. She took a deep breath, focused intently, and kicked the ball straight into the goal! We won! The field exploded with cheers as everyone rushed onto the pitch, jumping and hugging in one epic celebration. It was a moment we'll never forget!

# Class Reunion - Grade 6 Graduates from 1964

A few of us old classmates are organising a reunion for September 2024; being 60 years since our grade 6 class. We are still trying to contact past students, we have included a photo of our class and the names of the students. This photo was kept by Sr Francesca who was principal and our class teacher for grade 6.

Hopefully relatives, who currently have a relationship with the church and school might know someone in the 1964 class.

I have also included 2 recent articles from the Age Newspaper written about the suburb of Greensborough and of Watsonia. It was in a section titled "the Burbs now and then". One was written by my classmate Diane Websdale Morrissey and the other was written by me. The articles recall some of our early experiences of the suburbs so closely connected to St Marys.

The past students I know, are proud to have been students at St Marys and have fond memories of Sr Francesca and the school.

# RAISING FATHERS

FATHERING FROM THE FRONTLINE.

A SPECIAL EVENING EVENT

<https://www.trybooking.com/CSJAR>

**St Martin of Tours Primary School**  
**Wednesday 21 August 2024 7-8.30pm**  
**WANT TO BE A BETTER DAD?**

There is a manual for almost everything these days, except for the most crucial and influential role most men play: Fatherhood!

Fathers matter as one of the key drivers of success and happiness in children. Research shows that children perform better in every social indicator if they have an involved, nurturing, and loving father. Fathering in today's world requires men to embrace a more involved and proactive approach to parenting - beyond the traditional roles of "provide, protect, and punish".

With over 20 years experience in engaging with men across the country, menALIVE's RAISING FATHERS evenings bring valuable insights and practical advice on modern fathering in a powerful and transformative evening. The evening is based on the recent book of the same name, co-authored by menALIVE co-founder Robert Falzon together with twelve other men, of varying backgrounds and ages, who share their collective and diverse lived experiences of fathering in today's world. Robert Falzon has presented RAISING FATHERS evenings across Australia together with one of his co-authors.

**Event Highlights:**

- **Practical Advice for Modern Fatherhood:** Unpack actionable insights for thriving in today's fatherhood landscape.
- **Powerful Stories:** Engage with impactful and informative testimonies and stories of other fathers that resonate deeply with the challenges and joys of modern-day fatherhood.
- **Real Discussions:** Participate in candid conversations with other fathers and community leaders navigating the frontiers of contemporary fatherhood.
- **Inclusive Invitation:** The event welcomes men and their partners from all backgrounds. Come and be part of this transformative experience.

A menALIVE RAISING FATHERS evening has the potential to transform a father's approach to parenting. This has a powerful impact on the lives of the entire family and sets the children on a path to becoming successful, well-balanced, caring, engaged, and productive members of the community.

Attending a RAISING FATHERS event is an investment in the lives of your children's future.

Bookings can be made via <https://www.trybooking.com/CSJAR> or via scanning QR code.
