Digital Wellbeing for Families Webinar

Dear Parents and/or Caregivers,

We have an incredible opportunity coming up on the **19th March** with the Resilience Project. We are aware of the significant impacts of social media and online platforms and frequently have families seeking guidance and support with Digital Wellbeing.

The Resilience Project will be holding an online webinar on Wednesday 19th March from 6:30–7:30pm. This one-hour webinar guides parents and carers to reflect on their family's digital wellbeing, before diving into practical strategies to create healthy habits online and strengthen connections at home.

By the end of the session, parents and carers will:

- Understand the latest research on screen time and its impact on individual and collective wellbeing in the home.
- Have a list of strategies to enhance their own digital wellbeing as a parent to role model to their children.
- Feel equipped to support their child's device usage without screen shaming, banning or removing devices.

We Invite you to individually register for the webinar **using this link**. The team will then send you the Zoom link and a calendar invite. Helpful hint: when registering and selecting our school, type 'greensborough' for ease of locating St Mary's.

Rest assured if for any reason you cannot attend the event it will be recorded and I will circulate this. However, please still register. You certainly do not want to miss such a valuable opportunity to address a very relevant and significant need for our students.

Kind regards,

Laurina van-der-EL

Deputy Principal and Learning Culture Leader
