WE ARE CELEBRATING WORLD WELLBEING WEEK!

We are excited to let you know that we'll be celebrating World Wellbeing Week on Tuesday 24th June.

On this day students are encouraged to wear casual clothes. To add a meaningful touch, we're asking each student to include a touch of green in their outfit. Green is known as a calm and soothing colour, often associated with nature and balance, which fits perfectly with our focus on mental health and wellbeing.

This touch of green could be:

- A green t-shirt or hoodie
- Green socks, shoelaces, or a hat
- A green ribbon, scrunchie, or wristband

As part of the event, students will also take part in a range of activities focused on highlighting the importance of mental health, offering practical ways to feel better, and emphasizing the power of community and connection.

To support this meaningful day, we kindly ask each student to bring a gold coin donation. All funds raised will go to Kids Helpline, a free and confidential support service for young people in Australia.

Upcoming works on Grimshaw Street: Weekend and overnight road and lane closures

BIG BUILD
M80 RING ROAD

Works Notification
18 June 2025

We're building the new Grimshaw Street interchange in Greensborough, with express lanes to the North East Link and less congestion for locals.

Before major construction can begin on the new Grimshaw Street Interchange, we'll work to relocate underground and overhead utility services, including water, gas and electricity. Utility services providers will advise affected properties before any planned outages.

From **June to August 2025**, there'll be intermittent road and lane closures on Grimshaw Street, between Macorna Street and William Street, Greensborough. During these closures there'll be local road access impacts, with detours in place. We'll be working both day and night to complete these tasks while minimising disruption to the community.

What we'll be doing

Works areas will be established on Grimshaw Street and local roads, with activities including:

- placing traffic barriers, fencing and lighting to establish temporary works areas
- cutting into asphalt and concrete on roads and paths
- digging and drilling works for utility services located underground
- piling and pouring concrete to construct new road bridge foundations
- installing and connecting new utility lines such as cables and pipes
- removing and disconnecting redundant utility lines and materials
- laying asphalt, line marking, and concrete to reinstate road and paths
- working at heights for utility services located overhead.

What to expect

As we conduct these works you may notice:

- varying levels of noise, light, dust and intermittent vibration during work hours
- materials and equipment deliveries to and from works areas, including out-of-hours via local roads
- AK Lines Reserve site compound operations, including construction traffic access
- planned outages to utility services, with more information provided to affected properties
- temporary arrangements for council bin collection.

Managing construction impacts

The project has strict requirements to manage construction impacts, such as noise at night, with real time monitoring to protect the local community and environment.

We plan our works to minimise these disruptions with various methods such as changing construction methods and scheduling noisy works during the day.

Access changes in your area

Traffic conditions will change on local roads and footpaths while we work on Grimshaw Street. Please follow all signage and directions from traffic controllers.

There'll be some impacts to residential driveways and on street parking around the area. We'll be in direct contact with impacted residents. This is necessary for everyone's safety and will allow works to be completed as quickly as possible.

We'll also speak with impacted local businesses and schools to provide more information ahead of works.

Please plan your trip and allow additional travel time. Disruption dates are subject to change.

Major Works at Grimshaw Interchange – from Spring 2025

From October to December 2025, we will work 24 hours, seven days a week, to build the new Grimshaw Street Interchange.

October 2025:

Grimshaw Street will be closed between Greensborough Bypass and William Street, for four weeks, with 24 hour works on the road and in the Hurstbridge Line rail corridor.

November to December 2025:

Grimshaw Street will be closed between Greensborough Bypass and Frye Street, for five weeks, with 24 hour works on Grimshaw Street and in Trist Reserve.

Calling all Coffee Vans

Before seeking outside trades to kick-start our regular 'coffee' invitation to all parents and care-givers, we would like to offer the opportunity for any family who may have a coffee van business to be part of the St Mary's community get-togethers. We envisage the weekly gathering to take place every Monday or Tuesday from 2:30-3:15pm, in order to coincide conveniently with school pick up. We also welcome a contact you may have of someone who owns a coffee van business. Please forward your interest or contact to me on the email below before next Wednesday 18th June. I look forward to chatting with you about exciting new possibilities.
